I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

Homens Health & Madison Pharmacy
have allowed me to be informed about
the choices I make and in control of those
choices.

Previously, I had been given the same
medication (Pergo) as millions of others
without very specific testing but always
seeing my doctor of course. I lived in
fear of what years of H.R. would bring.
Natural hormone replacement has been accepted
my doctor, testing is frequent and it has
allowed me to be in control of my specific
destiny with peace of mind.

I absolutely oppose MOU!!
